

A REMARKABLE ERA: Celebrating the Leadership of Dr. Regina Haney

Regina is retiring after more than 10 years of dedicated service as our Executive Director. We are deeply grateful for her outstanding leadership and steadfast commitment, which have elevated our association to new levels of professionalism and positioned NACPA for a strong and promising future.

I have been a NACPA board member for a little over half of Regina's tenure as Executive Director and have witnessed firsthand the passion, dedication and expertise that she has brought to NACPA. Regina is leaving NACPA better than she found it and that is perhaps the best compliment that one can give!

When I think of Regina the term "Servant Leadership" immediately comes to mind. She listens with purpose and she guides with wisdom. She has the ability to bring people together in a way that creates lasting relationships. Her wit is impeccably timed, always striking at the perfect moment. NACPA is undoubtedly better because of Regina! God had a plan when He guided her to NACPA. For His plan and for Regina, we are thankful!

A life-long educator with decades of guiding Catholic schools on a national platform stepped into the world of HR 10 years ago at the helm of NACPA and transformed it. And us! Regina Haney will always be remembered – and cherished – for her professionalism, her ability to gain the commitment of sponsors and others who believe in the mission, her tremendous skill in strategic planning, and her enthusiastic, positive “yes we can” to encourage us to always make improvements. All with a sense of humor! Most of all, Regina cares about the people behind the mission, and built solid relationships. We will miss her very much. She is the “good measure” running over, described by Our Lord in the Gospel (Luke 6:38)!”
